

## **RFP 2: AI Digital Transformation for Riverside Public Library**

**Issued By: Riverside Public Library**

**Date Issued: January 2025**

**Submission Deadline: March 2025**

### ***Objective:***

Riverside Public Library is modernizing its operations by implementing AI tools for cataloging, advanced search, and personalized recommendations.

### ***Scope of Work:***

#### **1. Automated Cataloging:**

- a. Use NLP to generate metadata for new acquisitions.

#### **2. Smart Search:**

- a. Implement AI search functionality to understand user intent and context.

#### **3. Reader Recommendations:**

- a. Develop systems for personalized reading suggestions based on borrowing history.

### ***Deliverables:***

1. Functional AI tools integrated with existing library systems (e.g., Koha).
2. Training sessions for library staff.

### ***Timeline:***

- Project Kick-off: May 2025
- Completion Target: November 2025

### ***Budget:***

\$90,000–\$110,000
